DATE MAILED:

Please find below and/or attached an Office communication concerning this application or proceeding.

Commissioner for Patents

The communication, filed on 10/3/03, is non-responsive to the prior Office action, mailed 6/4/03, because the claim set has been submitted with confusingly different italics vs. non-italic print regarding small subscripts present in the claims. For example, claim 11 contains subscripts for the parameter "D" with italic print for "t" and "et" with "arg" in non-italic print. A confusing space also is present after said "t" and before "et". This italics presentation is not present in the antecedent basis subscripts for parameter "D" in claim 1. Such different italics and non-italics with odd spacing would cause confusion and error at such time that a Patent may be allowed and processed for issuance from the instant application. Since the response appears to be bona fide, but through an apparent oversight or inadvertence failed to provide a complete response, applicant is required to complete the response within a time limit of one month from the date of this letter or as extended as follows. **AN EXTENSION OF THIS TIME LIMIT MAY BE GRANTED UNDER EITHER 37 C.F.R. ' 1.136(a) OR (b) UP TO A MAXIMUM OF SIX MONTHS.**
